Application Form

Associate Quality Specialist — Research

CDI is an Equal Opportunities Employer.

Guidance:

In the following section, we ask you to describe some of your professional achievements to date that demonstrate certain skills, knowledge and experience which have been identified as necessary for the position of [Role].

For each question you are asked to describe a situation, from your own experience, which you think is the best example of what you have done which demonstrates or provides evidence of this skill or ability. It is essential that you describe how you demonstrate the skill or quality in question.

The information you provide will form part of the short-listing process, where necessary, and may also be used to help structure your interview, if you are invited to one. Therefore, compose your replies carefully and try to structure what you write so that you give specific information about what you have done - for example, do not simply say that "X was successful", describe exactly what you did and how you demonstrated the skill or quality in question.

For each of your examples, you must structure your answers to include the following:

- a) the nature of the task, problem, or objective
- b) what you actually did and how you utilised the skill or quality
- c) the outcome or result of the situation and your estimate of the proportion of credit you can claim for the outcome.

Please do not use the same example to illustrate your answer to more than two questions.

Applicant's Details:

Name:

Address:
